Welcome to Our Program!

We created a Guardian-Home Program to grow our breeding program while still providing each of our breeding dogs with a loving environment in a guardian family. By joining our Program, you desire to and will act as a guardian for a dog that is either a female potential breeder or proven breeder or a male potential breeder or proven breeder (“the Dog”), subject to the terms of this Agreement.

The following will spell out the Guardian-Home Program, including our requirements for guardian families while the Dog is a part of the breeding program. The obligations we will assume as owner, and how the Dog will become a permanent member of your family.

Benefits of the Guardian-Home Program

To the Guardian family: The Dog is “pick of the litter” with an estimated value of \$10,000 to \$15,000. Your initial cost is \$0.00. Breeder will pay all vet costs for health testing associated with the breeding of the Dog.

Initial Obligations of Guardian Family

In order to be considered for the Guardian-Home Program, we require that you:

1. Live within 90 minutes of San Antonio.
2. Own your own home.
3. Have physical fencing to provide a safe and secure environment for the Dog. This also protects the Dog from any unplanned, unwanted pregnancies and is crucial!
4. Never leave the Dog off leash in an unsecured area. NO dog parks allowed!
5. Have reliable transportation and willingness to bring the dog to us when needed throughout the year for breeding purposes (i.e. testing, breeding, litters, etc.). All health testing, routine and emergency vet care is to be done by: Dr. James James Bell in Castroville, TX if you are within 30 mins, or a highly rated Veterinarian close to you if further away.

6. Maintain open lines of communication with us concerning any matter related to the Dog.
7. Keep the guardian the Dog on food prescribed by the breeder.
8. Understand that the breeder may need to make decisions about your female or male and you will have to respect those decisions. Examples may include, but are not limited to: keeping the female longer, additional vet care, etc. All decisions WILL ALWAYS BE for the betterment of the Dog.

Ownership

Ownership and all right, title and interest in the Dog shall remain with the Owner / breeder. If the Dog is a female any puppies born to the Dog shall be the sole property of the Owner / breeder. The Guardian Family shall have no ownership interest of possession rights to any such puppy. If the Dog is a male, all semen shall be sole property of the Owner / breeder and the Guardian Family shall have no ownership interest of possession rights to any use of the semen. The Dog shall be used as breeding stock exclusively by the breeder and under no circumstances shall be bred to any dog other than as directed by the breeder. After the Dog ceases to be a Breeder, Owner shall, by written evidence of transfer, assign and transfer ownership of the Dog to the Guardian Family after spay or neuter.

Possession

General:

Upon the execution of this Agreement, Owner shall transfer possession of the dog to the Guardian Family. The Guardian family shall retain possession of the dog during this Agreement, subject to its obligations to return possession of the dog for breeding purposes and shall provide physical care to and supervision of the dog subject to the terms and conditions of this agreement.

Owner's Possession for Breeding

Female:

Owner requires access to female breeding dog for reasons including, but not limited to:

1. Veterinary appointments for general purposes and / or to monitor pregnancy – possibly two (2) visits.
2. Breeding - first sign of going into heat (blood) until a successful hook (usually 5-7 days). You can bring her to the breeder every day - three (3) times on average or leave her for the duration of the stay. This decision can be made by the Guardian family, at the discretion of the breeder.
3. Whelping (7-14 days) days prior to the Dog's due date and up until the puppies are weaned at approximately 8 weeks after birth. This process lasts approximately 9 weeks total.
4. The Guardian Family shall not transfer possession of the Dog to any person without the prior written consent of Owner.
5. Breeder has the right to visit the residence of the Guardian Family at least once per calendar year to discuss with the Guardian Family any issues concerning the care and supervision of the dog.
6. Females will not be bred more than 5 times, but may be less, health of the female is always the main concern.
7. If the breeder finds it difficult to reach the Guardian Family, is met with roadblocks or cantankerous communication in any form (comments, phone calls, text messages etc.) that make this working relationship hostile and / or if the Guardian Family refuses to do anything breeder asks as set forth in this document, the dog will be removed from the home – no question.

Guardian Family Obligations

1. Raise the dog as an indoor dog. Never to dwell outside.
2. When left at home, safely contain the dog indoors (a crate/kennel is preferred until they are trusted)
3. Comply with Owner's nutritional and dietary guidelines and pay all cost and expenses associated with feeding the dog.
4. Provide the Dog with regular exercise and socialization (people, locations, and only spayed or neutered dogs).
5. Dr. James Bell of Castroville, TX is the only vet the Dog will see – unless otherwise agreed, unless there is an emergency and that is not an option.
6. Provide pictures and updates every month.
7. Schedule and pay for all veterinary appointments (other than those associated with breeding, which will be covered by the Owner) and provide routine medical care appropriate for the breeding Dog.
8. Continue to ensure the dog is compliant, kennel-trained, housebroken, leash-trained, does not jump, mouth or excessively bark. The Dog's puppies' safety relies on calm and focused behavior.
9. Notify the Owner of any planned vacations and change of address, phone or email.
10. Do not board the dog in commercial kennels for vacations, if boarding arrangements are needed please contact the breeder.
11. Purchase and complete the online puppy training course through Baxter & Bella, at Guardian families own expense.

1. Immediately, upon the transfer of ownership of the Dog to the Guardian Family
2. Immediately, upon Owner's determination that the Guardian Family is non-compliant with the terms of this Agreement and such non-compliance poses significant risk to the health, welfare and safety of the Dog, at which time possession of the Dog returns to the Owner.
3. Immediately, upon the death of the dog from natural or accidental causes.
4. Immediately, upon the Guardian Family's permanent return of the Dog to the Owner for any reason.

Indemnity
